SUMMARY OF THE REASONS FOR DECISION:

The DVD *Caribbean Undercover* is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The DVD contains a feature previously examined and classified as a video recording in PAL format, by the Office of Film and Literature Classification. The video recording *Caribbean Undercover* was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years", with the descriptive note "Contains explicit sex scenes". This decision was registered on 13 February 2001.

The DVD has components that are different from those in the video recording. These include a behind the scenes feature, previews and photos. This new material does not provide grounds to alter the classification given to the original publication. While the new material contains some degrading and dehumanising depictions, it does not do so to such an extent or degree as to warrant the DVD receiving a different classification than the video recording.
